

TRAVEL MONTANA TOURISM AND FILM MARKETING PLAN

1994-1995 EXECUTIVE SUMMARY

STITE DON'TENTS COLLECT

POT 2 1 1204

MONTANA STATE LIPRARY 1515 E. Eth AVE. HELENA, MONTANA 19520

INTRODUCTION

Montana's tourism and recreation industry grew rapidly in the previous five years, and today it is considered among Montana's top three basic industries. This fact reinforces the importance of our marketing efforts, as well as the responsibility we have to protect and enhance the treasures we want to share with the rest of the world.

Travel Montana's mission is to strengthen Montana's economy by seeking to increase non-resident travel and motion pictures and commercials filmed in Montana. This mission is acted on by promoting the state as a vacation destination, advocating responsible development of the Montana vacation product and marketing Montana as a film location.

MARKETING OBJECTIVES

Objective #7

industry.

Travel Montana's programs are intended to accomplish objectives which balance the goals of meaningful growth, responsible development and cooperation with others in the state who have an interest in Montana's tourism industry. These seven marketing objectives were developed in our five-year marketing plan (FY 1994 through FY 1998) and continue to guide Travel Montana's activities.

Objective #1	Increase visitor expenditures in Montana an average of 5% per year, with emphasis on raising per-visit expenditures and length of stay.
Objective #2	Increase overall labor income (travel payroll) derived from the tourism and recreation industry an average of 3%-5% per year.
Objective #3	Increase instate expenditures generated from motion picture and commercial productions filmed in Montana.
Objective #4	Raise labor income (travel payroll) derived from the tourism industry during the fall, spring and winter seasons.
Objective #5	Increase labor income derived from the tourism industry in less-traveled areas of the state.
Objective #6	Support tourism development and growth which enhances Montana's natural, historical and cultural resources, and mitigates negative impact.

Foster cooperation in tourism promotion and development through all sectors of the tourism

MONTANA TOURISM UPDATE 1993-1994

TOURISM'S ECONOMIC BENEFIT

Travel industry growth during the previous decade has outpaced all other natural resource-based basic industries in Montana. That pace continued in 1993 when a record 7.4 million visitors spent an estimated \$1.1 billion in Montana, an increase of 1.8% over visitor expenditures made in 1992.

	non visitors sp	rena Phen Pravel Bonar
Total: \$1.1 billion	Retail Sales:	\$307 million — 28%

Winter: \$132 million — 12% Food: \$300 million — 27% \$245 million — 22% \$198 million — 18% Spring: Gasoline: Summer: \$537 million — 49% Lodging: \$192 million — 17% \$194 million — 18% Fall: Other: \$ 98 million — 8%

Transportation: \$ 11 million — 1%

How Visitors Spend Their Travel Dollar

Visitor expenditures circulate through a broad cross-section of the Montana economy as shown above. Considering the indirect and induced impacts related to visitor spending, the total impact of tourism to Montana in 1993 is estimated at \$2.4 billion.

TOURISM AND RECREATION RELATED JOBS

1993 Visitor Expenditures by Quarter

Nonresident visitor expenditures sustained an estimated 61,000 jobs in 1993, indicating an employment growth rate of 2% for the past year. Travel payroll earned by Montana workers reached an estimated \$743 million, an increase of 4% over 1992.

CONTRIBUTION OF MOTION PICTURES AND COMMERCIALS FILMED IN MONTANA

Aside from the exposure gained when Montana is featured in movies and commercials, significant economic impact is generated from this activity. In 1993 more than \$20,000,000 was generated by 56 productions which included location filming in Montana.

SUPPORT FOR TOURISM DEVELOPMENT AND INDUSTRY COOPERATION

In 1993-94 Travel Montana contributed to appropriate development of Montana's tourism product and services through the following activities (which are described in the program summary on pages three through six):

- Rural Tourism Assessment and Development Program
- Indian Tourism Development and Coordination
- Superhost Customer Service Training
- Visitor Information Center Development and Operation

In addition, the Tourism Advisory Council initiated a cooperative project between Travel Montana and Missouri River Country to develop marketing efforts to help stimulate travel to Missouri River Country destinations, which are less traveled than many others in the state.

TRAVEL MONTANA PROGRAMS

The following pages provide an overview of Travel Montana's programs and activities. Because these are undertaken with our mission and objectives in mind, the objectives which each program or activity is intended to achieve are indicated.

CERTIFIED TOURISM ORGANIZATIONS

Twenty-five percent of Montana's tourism budget is legislatively allocated to 15 certified tourism organizations—private, nonprofit corporations that market specific regions and cities in the state. Under the direction and guidance of the Tourism Advisory Council, these organizations submit annual marketing plans which are on file at Travel Montana.
